Springfield, IL, for immediate release

Springfield Right to Life has moved its location to 536 N. Bruns Lane (Suite 2B) in order to be present for women and families that are seeking guidance regarding the facts behind abortion. The new office is directly across the street from the Planned Parenthood Abortion Facility.

“Springfield Right to Life is committed to informing the public on the many choices available to those seeking abortions,” said Tim Moore, SRTL's President. Mr. Moore pointed to the many free or low cost alternatives to Planned Parenthood that are available via such organizations a First Step, or The Pregnancy Care Center, aid and training for moms through Elizabeth Ann Seaton, or Beerlahai Roi, as well as Sangamon County Health Department.

“We had been waiting for a while to move into the space. We wanted to be easily available for those who are seeking abortions. We want families to have an alternative source of information during such a critical decision. We also wanted to be nearby for the many volunteers who come out to quietly pray or peacefully protest the presence of Planned Parenthood’s abortion facility in our community. Our job is to continue to make the Springfield Community aware of **Planned Parenthood’s Operation in Springfield**. In 2016, Planned Parenthood of Springfield now expanded its abortions to include vacuuming the baby from the uterus. In addition, PPIL distributes RU486, which is an abortion pill that kills fetuses in-utero, many of which may already have a beating heart. Heavy bleeding, nausea, vomiting, and painful uterine contractions are common features of a process TIME magazine calls RU 486 “A painful,
